Subcategory: Inground Light
Family Name: Ventana I
Code: BU60314405309

LED Inground Light

LED 5W | 1 side emitting hole | IK10 | IP65

Technical Description

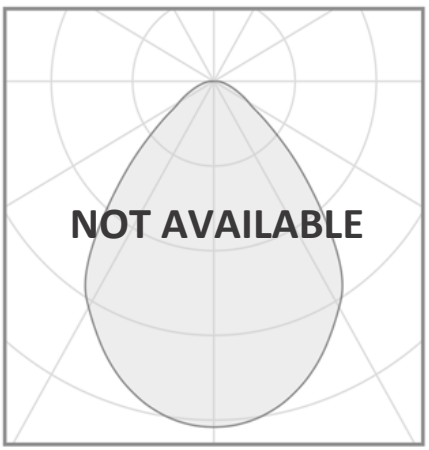

Series of recessed lighting fixtures characterized by a small dimension and shallow recess depth. Available in various sizes, they are designed for grazing lighting to illuminate passages and paths. The body is in stainless steel AISI316L making the product excellently resistant to atomospheric agents or saltiness, guaranteeing maximum protection over the years also in area close to the sea. Silicone gaskets ensure maximum sealing in all operating and temperature conditions. The product is installed with a polypropylene rough-in housing that prevents the contact of the fixture directly with the ground and allows the necessary space for wiring.

specifications

Material	**SS316 Front Cover**
Input Volt	**24DC**
Source Power Type	**CREE/Orsam**
Source Power	**5W**
Life Time	**50000h L70 B10**
Lumen Output	**120 lm/W**
Real Flux	**510 lm**
CRI	**82**
Saftey Class	**III**
Dimensions	**ø50xH85mm**
Cut-out	**ø48mm**
Application	**Inground Mounted**
Protection Grade	**IP67**
MCADAMS	**2**
Labelling	CE
