Curved Inground Wall Washer

LED 18W | IP67

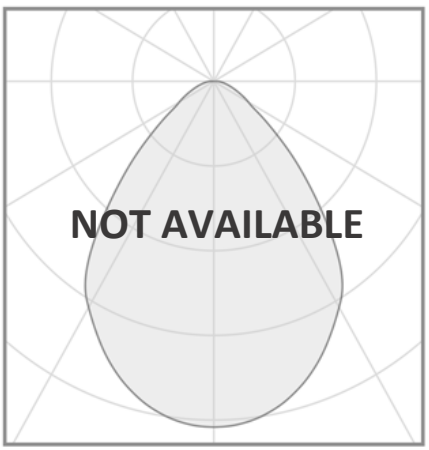

Technical Description

A very versatile Flush Mounted curved light framless.This fixture has been made to be used on floor or ground where it is needed to be lit with different heights and Un-uniform shapes. The Light can be invisibly installed between your landscape elements, bushes, trees or around the pillars and will be blended well with your other elements. With unique Beam angles, this fixture enables you to create the required effects of lighting as per project requirements. Thanks to the new technology of powder coating this luminaire has been treated well with a marine-grade of paint to withstand in salty soils for a long time. This product is suitable to be used in wet areas close to swimming pools, inside gardens with a grade of IP67

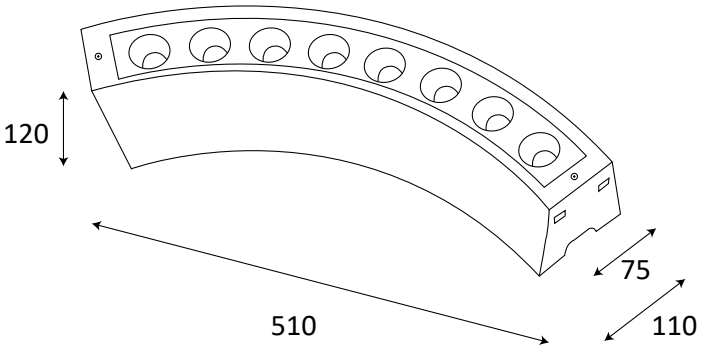

specifications
